Continue to ensure that progression in Art is linked to creative curriculum and that the skills progression is being followed in medium term planning. All year groups to have Art MTP with skills clearly shown. Summer term 2017	I continue to monitor all of the MTP to ensure that the new format is being used by all year groups.
To raise the profile of a variety of artists across the school so that children can name who they've been studying and give their opinions on them.	LF to look at all of the topic medium term plans and create a bank of artists appropriate to different year group topics for Spring, Summer and Autumn for all years in the school.	LF & class teachers	Subject Leader time to review planning and find appropriate artists.	A minimum of 3 Artists will be focussed on in Art throughout the year, in each year group. This will be seen in their MTP. Summer term 2017	A minimum of 3 artists are being looked at in each year group. I have given year groups new artists based on their topics.
Show off the children's work in a gallery set up in the school, for the parents to buy children's work.	LF liaise with 'Images Art' about getting each child in the school to produce a picture which will be framed and sold in a 'gallery' at school.	LF	The gallery will not cost the school anything to put on.	All children will create a piece of artwork which will then be framed and sold to parents at the gallery. Summer term 2017	In contact with 'Images Art', hoping to achieve this target by Summer 2018.
Create a permanent entrance hall display designed and made by our 'TAG' artists and an external company.	LF speak to F O'N about whether she would be happy with this. LF liaise with external company to discuss funding and possible ideas.	LF	External company to fund.	A permanent display will be in the entrance hall, designed and made by our 'TAG' artists. End of Summer term 2017	Decided that the quality of the entrance hall display is so high that we wanted to continue changing it on a termly bases.
